

MWRTK USER AGREEMENT

This Service Agreement (the "Agreement") is by and between Seiler Instrument Company (SELLER) (aka Midwest RTK Networks ["MWRTK"]), and _____ ("CUSTOMER").

BACKGROUND AND OBJECTIVES

SELLER coordinates and hosts Trimble GPSNet RTK Networks in Nebraska.

SERVICE

RTCM/CMR+ VRS mode GPS correction streams generated by Trimble® GPSNet™ VRS™ Software utilizing satellite data collected by member reference stations throughout the network coverage area (the SERVICE).

NETWORK COORDINATES

The network reference station positions and resulting coordinates are computed with respect to the NAD83(CORS96) (EPOCH:2002.0000) reference frame.

However, SELLER does NOT guarantee that network coordinates conform to the NAD83(CORS96) (EPOCH:2002.0000) reference frame or any other reference frame.

CUSTOMER agrees that the service should be used in accordance with all applicable standard professional field practices.

CUSTOMER agrees and understands that the primary purpose of the service is to provide local/job site control and that network coordinates should NOT be used without calibration to local reference frames.

QUALITY AND AVAILABILITY of SERVICE

Under most conditions, VRS™ mode corrections greatly improve surveying performance within the network coverage area by modeling and reducing the influence of systemic tropospheric, ionospheric, and other disturbances on GPS positioning.

Typically, users within the network perimeter should experience repeatable positioning within

- 1-2 cm horizontal
- 2-3 cm vertical

SELLER will make reasonable efforts to provide network data to customers 24 hours a day, seven days a week. However, the customer understands and agrees that there are many factors effecting the availability and quality of GPS correction data that are beyond the control of SELLER.

CUSTOMER agrees that the Global Positioning System is operated by the US Government Department of Defense, which is solely responsible for the accuracy, daily operations, and availability of the satellites.

SELLER Does NOT guarantee either the availability or quality of the SERVICE. SELLER offers the SERVICE on as "AS AVAILABLE" and "AS IS" basis and without guarantee or warranty of any kind.
